

No Smoking at the Rec Park

Resolution 2013-04 was passed at the March 7th council meeting. It states the Rec Park will be a No Smoking area effective immediately and asks residents and guests to refrain from smoking in the park. The No Smoking policy is part of the Young Lungs at Play initiative promoted by the Penn State Extension, the Pennsylvania Department of Health, and the American Lung Association.

Borough Council appreciates your help in keeping the park a safe and clean place for all to enjoy.
